

To Upload the Unlimited Plugin, you must have the Plugin installed. To Install the Plugin

The image shows a screenshot of the WordPress admin dashboard. The browser address bar shows the URL `migration/wordpress/wp-admin/index.php`. The dashboard header includes the WordPress logo, a home icon, the word "migration", a refresh icon, a comment count of 0, a plus icon, and a "New" button. The user's name "Yani" is in the top right corner. The left sidebar contains a menu with items: Dashboard, Home, Updates (3), Posts, Media, Pages, Comments, Appearance, Plugins (2), Users, Tools, All-in-One WP Migration, Settings, and Collapse menu. The main content area is titled "Dashboard" and includes a "Screen Options" dropdown and a "Help" dropdown. The "At a Glance" section shows 1 Post, 1 Comment, and 2 Pages. It also indicates WordPress 4.6 is running the Twenty Sixteen theme, with a link to "Search Engines Discouraged" and an "Update to 4.7.3" button. The "Activity" section shows "Recently Published" and a list of installed plugins, including "Hello world!". A red arrow points from the "Add New" link in the "Installed Plugins" section to the "Plugins" menu item in the sidebar. Two red text annotations are present: "1. Login to WordPress admin dashboard (wp-admin)" and "2. Go to Plugins Add New". The "WordPress News" section at the bottom right features a "WordPress 4.7.3 Security and Maintenance Release" article dated March 6, 2017, and links to "HeroPress: WordPress: A Tool for Success" and "WPTavern: Poedit 2 Introduces Direct Connection to WordPress. Adds".

Check that the Unlimited Extension has been applied and import

The screenshot shows the WordPress dashboard interface. The left sidebar contains the following menu items: Dashboard, Home, Updates (2), Posts, Media, Pages, Comments, Appearance, Plugins (1), Users, Tools, All-in-One WP Migration, Settings, and Collapse menu. The 'All-in-One WP Migration' menu is highlighted, and a red arrow points to the 'Import' option. A red text overlay with a white border reads: "Go to All-in-One WP Migration -> Import". The main content area displays the WordPress dashboard with a notification for WordPress 4.7.3, an 'At a Glance' section showing 1 Post and 2 Pages, an 'Activity' section with a 'Recently Published' entry, a 'Quick Draft' section, a 'Drafts' section, and a 'WordPress News' section. The URL bar shows 'migration/wordpress/wp-admin/index.php' and the page footer shows 'migration/wordpress/wp-admin/admin.php?page=site-migration-import'.

WordPress 4.7.3 Security and Maintenance Release

March 6, 2017

WordPress 4.7.3 is now available. This is a security release for all previous versions and we strongly encourage you to update your sites immediately. WordPress versions 4.7.2 and earlier are affected by six security issues: Cross-site scripting (XSS) via media file metadata. Reported by Chris André Dale, Yorick Koster, and Simon P. Briggs. Control characters can trick redirect [...]
